

Environmental Policy

It is Concurrent Technologies' policy to minimise any detrimental effect that our operations have on the environment.

In particular Concurrent Technologies shall:

- Meet, or exceed, UK environmental legislation.
- Use resources and energy more efficiently.
- Recycle the maximum amount of waste product.
- Design product that, wherever possible, will be environmentally friendly.
- Inform employees of the Policy and its requirements.
- Review the Policy and continuously improve environmental performance.

G.A Fawcett
Managing Director
